

Sustainable Food Places

Making healthy and sustainable food a defining characteristic of where people live.

What positive change do you want to see in Bradford's food system?

1: Taking a strategic and collaborative approach to good food governance and action

2: Building public awareness, active food citizenship and a local good food movement

3: Tackling food poverty and diet related ill-health and increasing access to affordable healthy food

4: Creating a vibrant, prosperous, and diverse sustainable food economy

5: Transforming catering and procurement and revitalizing local and sustainable food supply chains

6: Tackling the climate and nature emergency through sustainable food & farming and an end to food waste

Where should the Bradford food partnership be focusing its efforts?

1: Taking a strategic and collaborative approach to good food governance and action

2: Building public awareness, active food citizenship and a local good food movement

3: Tackling food poverty and diet related ill-health and increasing access to affordable healthy food

4: Creating a vibrant, prosperous, and diverse sustainable food economy

5: Transforming catering and procurement and revitalizing local and sustainable food supply chains

6: Tackling the climate and nature emergency through sustainable food & farming and an end to food waste

What can YOU in your role do to contribute and support this?

1: Taking a strategic and collaborative approach to good food governance and action

2: Building public awareness, active food citizenship and a local good food movement

3: Tackling food poverty and diet related ill-health and increasing access to affordable healthy food

4: Creating a vibrant, prosperous, and diverse sustainable food economy

5: Transforming catering and procurement and revitalizing local and sustainable food supply chains

6: Tackling the climate and nature emergency through sustainable food & farming and an end to food waste
